Our revenue performance for this quarter experienced significant growth as MJE reported an after-tax profit of \$250 million for the quarter ended September 30, 2018. This resulted in Earnings per share (EPS) of J\$0.21 and represented a 3 times increase over the same period in 2017.

This was mainly due to the revaluation of the equities classified as Fair Value through Profit or Loss (FVPL).

TOTAL COMPREHENSIVE INCOME

Total comprehensive income for Q3 amounted to \$4.25B, compared to \$295 million for the corresponding quarter of 2017; an increase of \$4.0B or 13 times. This was due to an increase in the Equity Reserve, resulting from revaluation gains booked for stocks held in the current portfolio.

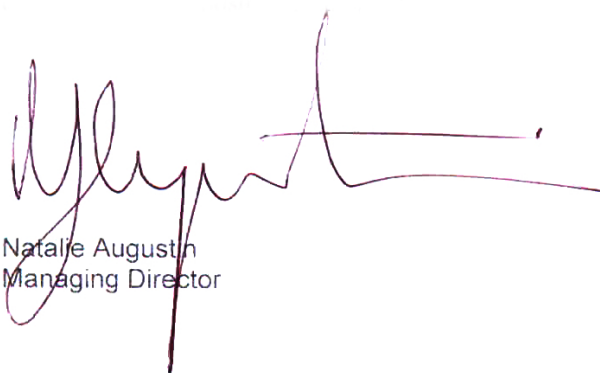

TOTAL REVENUES

Net Revenues increased by \$634.8 million over the corresponding period last year, to reach \$657.8 million. This increase was driven by a 100% increase in unrealized gain on investment revaluation, in addition to Dividend Income increasing by 138.4% or J\$40.3 million. Dividend Income earned resulted mainly from holdings in Supreme Ventures Limited, Caribbean Producers (Jamaica) Limited, Jamaica Money Market Brokers Limited and Blue Power Group Limited.

OPERATING EXPENSES

Operating expenses increased by \$381.7 million or 48 times when compared to the corresponding quarter in 2017 due to incentive and management fees for Investment management services and, also, Legal and Professional fees for the Corporate loan note.

Mayberry Jamaican Equities Limited takes this opportunity to thank all our shareholders and Board of Directors for your support in the Initial Public Offering (IPO) and for your contribution to the success and positive results of the 3rd quarter.
